

23

23 School Days to Go

until the first of our sit down GCSE exams this year.

If you would like additional support, here are some suggestions:

Year 11 Library Revision (After School)
Mondays-Thursdays until 4.30pm

Year 11 Half-Term Revision Sessions
Teachers are leading sessions during the Easter break in school for you to attend

Year 11 Library Revision (Fridays)
Drop in sessions, Friday breaktimes in the Library

Also, speak to your teachers for more support in the final run up to your exams at what else is available for you including the website resources at mossleyhollins.com/students/year-11-revision

Kickboxing Success for Luke and Leon

Brothers, Luke and Leon Jones completed their Dan gradings in kickboxing last weekend.

Both boys have demonstrated outstanding commitment and hard work to the sport over the years, both starting when they were 5 years old. Their recent performance in their gradings is the reward for their dedication towards the sport.

Leon achieved his 1st black belt and Luke achieved his 2nd Dan.

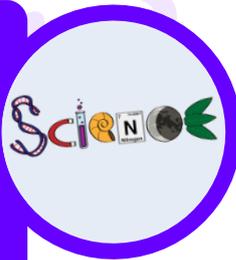

Congratulations and well done to both of them, an outstanding achievement..

Scientist of the week

Alfie-Lucas Darraugh (Year 10)

In Alfie's recent Science T2 Assessment he achieved a fantastic result which he should be so proud of! His work on Evolution and Health & Disease in Biology, Bonding in Chemistry and the EM Spectrum and Radioactivity in Physics was exemplary.

In his answers, Alfie confidently used the correct scientific language too. Well done Alfie, you were so impressive!

Year 8 Football Tournament

Last week, a group of Year 8 boys took part in a football tournament organised by Manchester United Football Club competing against a number of other schools from across Greater Manchester.

They produced some positive performances on the day winning 2 games and managed to finish in 5th position overall with the stand out performer being Kai Holden.

Congratulations to all the boys involved.

Information & Contacts

Our purple Newsflash celebrates the recent successes of our students both in and out of school. If you would like to access the blue monthly Information & Contacts, visit our website.

Primary Debate by Humanities

A huge thank you to the staff and students from Mossley Hollins and our Primary Partner schools in the Mossley and Carrbrook School's

Partnership for putting on another successful Debating event.

Students from our Primary partners came after school to visit our Humanities faculty. The topic for debate was 'Screen time should be automatically limited to 1 hour a day.'

Congratulations to our winners and the students and staff from Livingstone, Micklehurst All Saints, St Joseph's and St George's for their incredible efforts in making this session another success. We hope to host plenty more debates in the near future.

Year 10 Design and Technology Eco housing project

Congratulations to the Year 10 D&T class for their fabulous Eco housing estate models which are designed to go on the old school site.

Each pupil made their own unique house with at least two eco features.

Years 6 and 8 Careers Fair

Mossley Hollins recently hosted the annual event which gave students important information about career options, the world of work and job opportunities. The students also explored the variety of pathways open to them and found out about the skills that are needed to be successful in further education and the world of work.

The event was a huge success with students reporting that *'I found out some really useful information from the different speakers and I am now able to make a better decision about the career I want to do'* and *'It has inspired me to work harder to get the qualifications I need to work as a Midwife'*.

Contacting Attendance

Just a reminder for parents about contacting the attendance team at school – If you wish to report absence, you can do this by any of the following ways:

1. **By Phone** – Call 01457 832491 (Choose Option 1)
2. **By Email** – to attendance@mossleyhollins.com
3. **By App** – Send a message to the attendance team via our free School Gateway App

British Science Week

This week is British Science Week and the Library joined in by celebrating this year's theme of TIME. Time is key to so many discoveries in science, technology, engineering and maths.

Time features heavily in books, whether it be time travel think Dr Who or reading a book that lets you live the life of someone from hundreds of years ago. We have displayed some of our best books in that feature a connection to time.

International Women's Day

The Library celebrated International Women's Day last Friday. This annual event celebrates all the amazing things women have achieved past and present and raises awareness of the inequalities that are still being faced by so many women around the world today.

The International Women's Day 2024 theme was 'Inspire Inclusion.' Many rights women have today are because of the amazing strong women, who fought for us. The fight is not over as rights like health and education are still not available for some women around the world.

Books are the perfect way for us to highlight these courageous women and their extraordinary achievements. We have a range of powerful fiction and non-fiction books featuring or written by incredible women. Our Student Librarians Lexi Rogers and Joud Algorain created an eye catching display to showcase and celebrate International Women's Day and are sure to inspire every reader!

Recommended this week

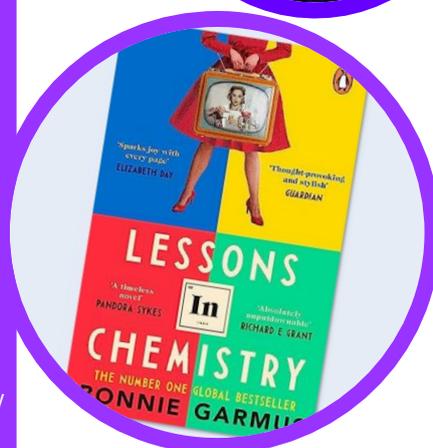

Lessons in Chemistry

Our ability to change everything - including yourself - starts here. Chemist Elizabeth Zott is not your average woman. In fact, she would be the first to point out that there is no such thing.

But it's the early 1960s and her all-male team at Hastings Research Institute take a very unscientific view of equality.

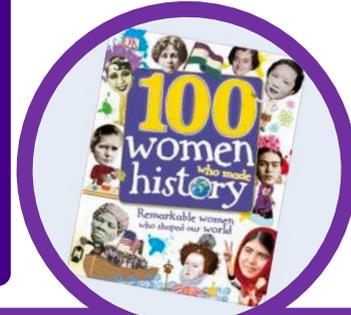

Forced to leave her job at the institute, she soon finds herself the reluctant star of America's most beloved cooking show, Supper at Six. But as her following grows, not everyone is happy. She's daring them to change the status quo.

Meet the unconventional, uncompromising Elizabeth Zott.

The Power of Language

Get caught reading proved so popular with our students, we have decided to run it for the whole of March. Remember you must be caught reading for 15 minutes or more to get a raffle ticket to be entered into a prize draw.

Student Librarian Recommends: 100 Women Who Made History

From brilliant super-scientists to intrepid entrepreneurs, 100 Women Who Made History is a powerful introduction to remarkable women through time.

SIX
TEEN EDITION

Mon 25th March @ 7.45pm **50+**

25 Tues 26th March @ 7.45pm

Weds 27th March @ 7.45pm **50+**

2 Thurs 28th March @ 7.45pm

Fri 29th March @ 7.45pm **20**

8 Sat 30th March @ 2.45pm

Sat 30th March @ 7.45pm **14**

48 Sun 31st March @ 2.45pm

Featuring MHHS Students
Ella and Sienna (Yellow Performances)
and Maya (Purple Performances)

The SIX musical tells the story of the six wives of Henry VIII like you've never heard before! It is an upbeat, pop concert style show that has been running on the West End and on Tour for a few years now - and the girls have even been lucky enough to have lessons with a past Boleyn.

Oldham Congress Players are producing SIX Teen Version - which will go on stage in just over two weeks at Shaw Playhouse! Not only will it be a fabulous show but proceeds are going to Papyrus (Prevention of Youth Suicide)
